F - Rule 319a-3. Bowlers are responsible for verifying their own average, whether submitted by the bowler, the team captain or others. If the submitted average is lower than required and results in a lower classification or more handicap, the bowler's score is disqualified. If the submitted average is higher than required, prize winnings will be based on the submitted average. In the case of a team of two or more bowlers, the averages will be combined to determine if the correct total is higher or lower than the submitted total.

G - Rule 319e applies to all participants (average adjustment requirements)

Upon appeal or protest, the bowler must promptly supply the record of the names, dates, scores and prize winnings in all tournaments in which bowler competed within the previous 12 months.

Nothing in this rule will be deemed to supersede the authority of tournament management or local association to adjust a bowler's average upward.

Corrections in averages can be made within 72 hours after completion of a series if the Tournament Manager prior to the completion of the first game of the series, has given written consent to the bowler authorizing such extension of time to correct bowler's average.
